

UNIVERSITY OF WYOMING, Laramie, WY

The Department of Economics and Finance invites applications for a post-doctorate position to begin in Aug. 17, 2010. The optimal candidate should be skilled in applied econometric and general equilibrium modeling and knowledgeable of energy and environmental economics. This position will be within the newly created Center for Energy Economics and Public Policy with funding from the School of Energy Resources. The appointment will be on a nine-month basis and will involve working with a team of faculty involved with the Center. Please submit a letter of application, vita, sample research paper, and the name of three references. Candidates should also ask their references to send letters directly to the department. Please send applications by July 15, 2010, though applications after that date may be considered. The University of Wyoming is an equal employment opportunity-affirmative action employer. Please send application materials to the Center for Energy Economics and Public Policy Search Committee, University of Wyoming, Department of Economics and Finance, Department 3985, 1000 E. University Ave., Laramie, WY 82071. For more information about the Department of Economics and Finance, see <http://business.uwyo.edu/ECONFIN> and for the School of Energy Resources, see <http://www.uwyo.edu/ser/>.
